

	DEPARTMENT OF TRADE AND INDUSTRY [Region V] PROJECT/TRAINING PROPOSAL	Doc Code: FM-CT- 4 Version No.: 1 Effective Date: January 02, 2026
---	---	---

1. Title	Creatives Awareness & Workshop Session for Domain Players
2. Target Date of Activity / Proposed Venue/Location	June 29, 2026 / CCMS Laboratory, Camarines Norte State College, Daet, Camarines Norte
3. Proponent	Business Development Division (BDD) Department of Trade and Industry (DTI) Camarines Norte Provincial Office (CNPO)
4. Partner Institution	College of Computing and Multi-Media Services (CCMS), Camarines Norte State College
5. Objectives and Outputs	This project generally aims to align local cultural and creative assets—such as traditional crafts, digital media, visual arts, and performance—with broader national frameworks like the Philippine Creative Industries Development Act (PCIDA). The specific objectives of the project are as follows: ➤ To highlight existing strengths (e.g., local artisan industries, emerging regional filmmakers, and digital creatives), pinpoint current infrastructural or economic gaps, and introduce relevant government mandates supporting the creative sector. ➤ To clearly explain the framework, mechanics, and goals of the workshop activities. This ensures that all domain players (regardless of their specific creative background) understand how to properly use the provided tools. ➤ To facilitate focused, collaborative brainstorming among stakeholders grouped by their specific creative domains. ➤ To provide a structured platform for each creative group to share their specific findings and strategies with the broader assembly. This aims to foster cross-domain collaboration. ➤ To sustain the agency's commitment to PWDs, SCs, women, OFWs, youth and IPs. PGS/Dashboard indicators: 1. No. of NC clients served (a+b) a. No. of MSME assisted - 10 b. No. of potential entrepreneurs assisted – 10
6. Learning Outcomes	To ensure the Creatives Awareness & Workshop Session for Domain Players provides measurable value, especially within the context of the Philippine Creative Industries Development Act (PCIDA), the learning outcomes should focus on moving from passive observation to active, ethical implementation.

	Upon completion of the seminar, participants will be able to: • Identify the current strengths, economic potential, and pressing challenges of the creative industries within Region V (Bicol), including an awareness of supporting national mandates like the Philippine Creative Industries Development Act (PCIDA). • Effectively utilize the provided workshop templates to map out industry value chains, conduct needs assessments, and identify specific bottlenecks within their respective creative domains. • Collaboratively design targeted interventions, resource strategies, and short-to-medium-term action plans tailored to the unique realities and needs of their specific creative sector. • Clearly communicate and pitch their domain's specific challenges, data, and proposed strategic roadmap to a wider audience of stakeholders, peers, and facilitators. • Recognize concrete opportunities for collaboration and resource-sharing across different creative domains									
7. Background/Description	On September 2025, the Department of Trade and Industry – Camarines Norte Provincial Office (DTI-CNPO) disseminated an Industry Consultation and Planning Online Survey for the Creatives + ICT Sector. It was accomplished by Fifteen (15) Creatives + ICT industry stakeholders. Among the gaps identified during the activity was limited market access; Weak branding/packaging; Lack of e-commerce presence. The activity brings the actual practitioners, MSMEs, the digital artists, and the local artisans into the room. They are the ones facing the daily operational bottlenecks. By having them actively fill out the workshop templates, we will be able to capture authentic, ground-level data that is essential for drafting accurate and effective industry development plans. This activity will need resources in order to realize all the potential benefits for the participants. Hence, this proposal.									
8. Resource Speaker/ Person/Trainer	Resource Persons: DTI Creative Industries Focal Person, Selected Instructors and BSIT students from the College of Computing and Multimedia Studies of Camarines Norte State College (CNSC-CCMS)									
9. Target MSMEs and current Enterprise Development Track (EDT) Level	(Provide information on what sector/group, category of persons who will benefit from the project) <table><tr><th>EDT Level, if applicable</th><th>Sector/Group <i>(Refers to Processed Food, Wearables and Homestyle, Processed Fruits and Nuts, Youth, Women, etc.)</i></th><th>No. of MSMEs</th></tr><tr><td>0-2</td><td>Creative Industries + ICT Sector</td><td>20</td></tr><tr><td colspan="2">Total</td><td>20</td></tr></table>	EDT Level, if applicable	Sector/Group <i>(Refers to Processed Food, Wearables and Homestyle, Processed Fruits and Nuts, Youth, Women, etc.)</i>	No. of MSMEs	0-2	Creative Industries + ICT Sector	20	Total		20
EDT Level, if applicable	Sector/Group <i>(Refers to Processed Food, Wearables and Homestyle, Processed Fruits and Nuts, Youth, Women, etc.)</i>	No. of MSMEs								
0-2	Creative Industries + ICT Sector	20								
Total		20								

	rating by 100% of total no. of training participants	TNA, Industry Cluster consultation, etc.		
13. Monitoring and Evaluation	The training's effectiveness will be monitored through the Training Monitoring and Evaluation Form six (6) months after its conduct. The training will be evaluated and assessed through Client Satisfaction Feedback (CSF) and Post Activity Report.
